BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

SECTION 1.

Chapter 34 of Title 43 of the Official Code of Georgia Annotated, relating to physicians, acupuncture, physician assistants, cancer and glaucoma treatment, respiratory care, clinical perfusionists, and orthotics and prosthetics practice, is amended by repealing Article 5, relating to use of marijuana for treatment of cancer and glaucoma, and adding a new Article 5 to read as follows:

S. B. 7
- 1 -
ARTICLE 5

43-34-120.
This article shall be known and may be cited as the 'Controlled Substances Therapeutic Relief Act.'

43-34-121.
The General Assembly finds and declares the following:

(1) Marijuana's recorded use as a medicine goes back nearly 5,000 years, and modern medical research has confirmed beneficial uses for marijuana in treating or alleviating the pain, nausea, and other symptoms associated with a variety of debilitating medical conditions, including cancer, multiple sclerosis, and HIV/AIDS, as found by the National Academy of Sciences' Institute of Medicine in March, 1999;

(2) Studies published since the 1999 Institute of Medicine report have continued to show the therapeutic value of marijuana in treating a wide array of debilitating medical conditions. Such therapeutic value includes relief of neuropathic pain caused by multiple sclerosis, HIV/AIDS, and other illnesses that often fail to respond to conventional treatments and relief of nausea, vomiting, and other side effects of drugs used to treat HIV/AIDS and hepatitis C, increasing the chances of patients continuing on life-saving treatment regimens;

(3) Marijuana currently has many accepted medical uses in the United States and has been recommended by thousands of licensed physicians to at least 260,000 patients in the states with medical marijuana laws. Marijuana's medical utility has been recognized by a wide range of medical and public health organizations, including the American Academy of HIV Medicine, American College of Physicians, American Nurses Association, American Public Health Association, Leukemia & Lymphoma Society, and many others;

(4) Data from the Federal Bureau of Investigation's Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marijuana arrests in the United States are made under state law rather than under federal law. Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill patients who have a medical need to use marijuana;

(5) Alaska, Arizona, California, Colorado, Connecticut, Delaware, District of Columbia, Hawaii, Illinois, Maine, Maryland, Massachusetts, Michigan, Minnesota, Montana, Nevada, New Hampshire, New Jersey, New Mexico, New York, Oregon, Rhode Island, Vermont, and Washington have removed state-level criminal penalties for the medical
use and cultivation of marijuana. Georgia joins in this effort for the health and welfare of its citizens;

(6) States are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. Therefore, compliance with this Act does not put the State of Georgia in violation of federal law;

(7) State law should make a distinction between the medical and nonmedical uses of marijuana. Hence, the purpose of this Act is to protect qualifying patients, as well as their physicians and designated caregivers, from arrest and prosecution, criminal and other penalties, and property forfeiture if such qualifying patients engage in the medical use of marijuana; and

(8) It is the intent of the General Assembly in enacting this article to permit registered qualifying patients to use and possess medicinal marijuana and its derivatives and to allow dispensation of medicinal marijuana and its derivatives by licensed, registered, nonprofit medical marijuana dispensaries within this state.

43-34-122.

(1)(A) 'Allowable amount of marijuana' means:

If the cardholder notifying the department is a registered qualifying patient, the department shall also issue his or her registered designated caregiver, if any, a new registry identification card with a new random 20 digit alphanumeric identification number within ten days of receiving the updated information.

(d) If the registered qualifying patient's certifying physician notifies the department in writing that either the registered qualifying patient has ceased to suffer from a debilitating medical condition or that the physician no longer believes the qualifying patient would receive therapeutic or palliative benefit from the medical use of marijuana, the registry identification card shall be void upon notification by the department to the qualifying patient.

(e) When a registered qualifying patient ceases to be a registered qualifying patient or changes registered designated caregiver, the department shall promptly notify the former designated caregiver that his or her duties and rights under this article as to that qualifying patient shall expire 15 days after notification by the department is sent.
(f) A registered qualifying patient or registered designated caregiver who fails to comply with subsection (a) or (b) of this Code section shall be subject to a civil penalty of not more than $150.00.

43-34-130.1

(a) The following information received and records kept by the department and the Department of Revenue for purposes of administering this article shall be confidential, in accordance with this Code section except as necessary for authorized employees of the department and the Department of Revenue to perform official duties of the department and the Department of Revenue pursuant to this article;
Applications or renewals, their contents, and supporting information submitted by qualifying patients and designated caregivers, including information regarding their designated caregivers and physicians;

Applications or renewals, their contents, and supporting information submitted by or on behalf of nonprofit medical marijuana dispensaries in compliance with this article, including the physical addresses of nonprofit medical marijuana dispensaries; and

Any dispensing information that is required to be kept under Code Section 43-34-128.2 or department or Department of Revenue regulations shall identify cardholders by their registry identification numbers and shall not contain names or other personally identifying information.

Any department and Department of Revenue hard drive or other data recording media that are no longer in use and that contain cardholder information shall be destroyed. The department and the Department of Revenue shall retain a signed statement from a department or Department of Revenue employee confirming the destruction.

Data subject to this Code section shall not be combined or linked in any manner with any other list or data base, and it shall not be used for any purpose not provided for in this article.

Nothing in this Code section precludes the following notifications:

(1) Department employees and Department of Revenue employees may notify law enforcement about falsified or fraudulent information submitted to the department and Department of Revenue if the employee who suspects that falsified or fraudulent information has been submitted has conferred with his or her supervisor and both agree that the circumstances warrant reporting;

(2) The department and the Department of Revenue may notify state or local law enforcement about apparent criminal violations of this article if the employee who suspects the offense has conferred with his or her supervisor and both agree that the circumstances warrant reporting; and

(3) Nonprofit medical marijuana dispensary agents may notify the Department of Revenue of a suspected violation or attempted violation of this article or Department of Revenue rules.

(a)(1) There shall be a presumption that a qualifying patient or designated caregiver is engaged in the medical use of marijuana pursuant to this article.

(2) The presumption exists if the qualifying patient or designated caregiver is:

(A) In possession of a registry identification card; and

(B) In possession of an amount of marijuana that does not exceed the allowable amount of marijuana.

(3) The presumption may be rebutted by evidence that conduct related to marijuana was not for the purpose of treating or alleviating the qualifying patient's debilitating medical condition or symptoms associated with the qualifying patient's debilitating medical condition pursuant to this article.

(b) A registered qualifying patient or registered designated caregiver shall not be subject to arrest, prosecution or penalty in any manner, or denial of any right or privilege, including any civil penalty or disciplinary action by a court or occupational or professional licensing board or bureau:

(1) For the registered qualifying patient's medical use of marijuana pursuant to this article if the registered qualifying patient does not possess more than the allowable amount of marijuana;

(2) For the registered designated caregiver's assistance to a registered qualifying patient to whom he or she is connected through the department's registration process with the registered qualifying patient's medical use of marijuana pursuant to this article if the registered designated caregiver does not possess more than the allowable amount of marijuana; or

(3) For offering or providing marijuana to a registered qualifying patient or registered designated caregiver for the registered qualifying patient's medical use or to a registered nonprofit medical marijuana dispensary if nothing of value is transferred in return and the person giving the marijuana does not knowingly cause the recipient to possess more than the allowable amount of marijuana.

(c) A physician shall not be subject to arrest, prosecution, or penalty in any manner or denied any right or privilege, including but not limited to civil penalty or disciplinary action by the Georgia Composite Medical Board or by any other business, occupational, or professional licensing board or bureau, based solely on providing written certifications or for otherwise stating that, in the physician's professional opinion, a qualifying patient is likely to receive therapeutic or palliative benefit from the medical use of marijuana to treat or alleviate the qualifying patient's debilitating medical condition or symptoms associated with the debilitating medical condition, but nothing in this article shall prevent a professional licensing board from sanctioning a physician for failing to properly evaluate...
a qualifying patient's medical condition or otherwise violating the standard of care for
evaluating medical conditions.

(d) No person shall be subject to arrest, prosecution, or penalty in any manner, or denied
any right or privilege, including any civil penalty or disciplinary action by a court or
occupational or professional licensing board or bureau, for:

(1) Providing a registered qualifying patient, registered designated caregiver, or
registered nonprofit medical marijuana dispensary with marijuana paraphernalia for
purposes of a qualifying patient's medical use of marijuana;

(2) Being in the presence or vicinity of the medical use of marijuana authorized under
this article; or

(3) Assisting a registered qualifying patient with administering marijuana as authorized
by this article.

(e) A registered nonprofit medical marijuana dispensary shall not be subject to
prosecution, search, inspection, except by the Department of Revenue pursuant to
subsection (h) of Code Section 43-34-128, seizure, or penalty in any manner and shall not
be denied any right or privilege, including civil penalty or disciplinary action by a court or
business licensing board or entity, for acting pursuant to this article and department or
Department of Revenue regulations to acquire, possess, cultivate, manufacture, deliver,
transfer, transport, supply, sell, or dispense marijuana or related supplies and educational
materials to registered qualifying patients, registered designated caregivers on behalf of
registered qualifying patients, or other registered nonprofit medical marijuana dispensaries.

(f) A registered nonprofit medical marijuana dispensary agent shall not be subject to arrest,
prosecution, search, seizure, or penalty in any manner and shall not be denied any right or
privilege, including civil penalty or disciplinary action by a court or occupational or
professional licensing board or entity, for working or volunteering for a registered
nonprofit medical marijuana dispensary pursuant to this article and Department of Revenue
regulations to acquire, possess, cultivate, manufacture, deliver, transfer, transport, supply,
sell, or dispense marijuana or related supplies and educational materials to registered
qualifying patients, registered designated caregivers on behalf of registered qualifying
patients, or other registered nonprofit medical marijuana dispensaries.

(g) Property, including all interests in the property, otherwise subject to forfeiture under
Code Section 16-13-49 that is possessed, owned, or used in connection with the medical
use of marijuana authorized under this article or acts incidental to the medical use of
marijuana authorized under this article shall not be subject to seizure or forfeiture. This
subsection shall not prevent civil forfeiture if the basis for the forfeiture is unrelated to the
medical use of marijuana.
(h) Mere possession of, or application for, a registry identification card shall not constitute probable cause or reasonable suspicion, nor shall it be used to support the search of the person or property of the person possessing or applying for the registry identification card. The possession of, or application for, a registry identification card shall not preclude the existence of probable cause if probable cause exists on other grounds.

(i) No school, landlord, or employer shall be penalized or denied any benefit under state law for enrolling, leasing to, or employing a registered qualifying patient or registered designated caregiver.

43-34-134.

(a) No school or landlord shall refuse to enroll or lease to and shall not otherwise penalize a person solely for his or her status as a cardholder unless failing to do so would cause the school or landlord to lose a monetary or licensing related benefit under federal law or regulations.

(b) Unless a failure to do so would cause an employer to lose a monetary or licensing related benefit under federal law or regulations, an employer shall not discriminate against a person in hiring, terminating, or imposing any term or condition of employment or otherwise penalize a person based upon either:

(1) The person's status as a cardholder; or

(2) A registered qualifying patient's positive drug test for marijuana components or metabolites, unless the qualifying patient used, possessed, or was impaired by marijuana on the premises of the place of employment or during the hours of employment.

(c) For the purposes of medical care, including organ transplants, a registered qualifying patient's authorized use of marijuana shall be considered the equivalent of the use of any other medication under the direction of a physician and shall not constitute the use of an illicit substance or otherwise disqualify a registered qualifying patient from medical care.

(d) No person shall be denied custody of or visitation or parenting time with a minor, and there shall be no presumption of neglect or child endangerment, for conduct allowed under this article, unless the person's behavior creates an unreasonable danger to the safety of the minor as established by clear and convincing evidence.

43-34-135.

(a) Nothing in this article shall require:

(1) A government medical assistance program or private health insurer to reimburse a person for costs associated with the medical use of marijuana;

(2) Any person or establishment in lawful possession of property to allow a guest, client, customer, or other visitor to use marijuana on or in such property; or
(3) An employer to allow the ingestion of marijuana in any workplace or any employee
to work while under the influence of marijuana, provided that a registered qualifying
patient shall not be considered to be under the influence of marijuana solely because of
the presence of metabolites or components of marijuana that appear in insufficient
concentration to cause impairment.
(b) Nothing in this article shall prohibit an employer from disciplining an employee for
ingesting marijuana in the workplace or working while under the influence of marijuana.

43-34-136.

(a) The Department of Revenue shall immediately revoke the registry identification card
of a nonprofit medical marijuana dispensary agent who violates subsection (d) of Code

Revenue shall suspend or revoke the registry identification card of a nonprofit medical
marijuana dispensary agent for other violations of this article.
(b) The Department of Revenue shall immediately revoke the registration certificate of a
registered nonprofit medical marijuana dispensary that violates subsection (b) or (c) of
Code Section 43-34-137, and its board members and principal officers shall not serve as
the board members or principal officers for any other registered nonprofit medical
marijuana dispensary.
(c) Any cardholder who sells marijuana to a person who is not allowed to possess
marijuana for medical purposes under this article shall have his or her registry
identification card revoked and shall be subject to other penalties for the unauthorized sale
of marijuana and other applicable offenses.
(d) The department or Department of Revenue may revoke the registry identification card
of any cardholder who knowingly violates this article, and the cardholder shall be subject
to other penalties for the applicable offense.
(e) Revocation under this Code section is a final decision of the department or the
Department of Revenue subject to judicial review pursuant to Chapter 13 of Title 50, the
'Georgia Administrative Procedure Act.'

43-34-137.

caregiver, obtain more than two ounces of marijuana from registered nonprofit medical
marijuana dispensaries in any 14 day period.
(b) A registered nonprofit medical marijuana dispensary or registered nonprofit medical
marijuana dispensary agent shall not dispense, deliver, or otherwise transfer marijuana to
a person other than another registered nonprofit medical marijuana dispensary, a registered
qualifying patient, or a registered qualifying patient's registered designated caregiver.

(c) A registered nonprofit medical marijuana dispensary shall not acquire usable marijuana
or mature marijuana plants from any person other than another registered nonprofit medical
marijuana dispensary, a registered qualifying patient, or a registered designated caregiver.

A knowing violation of this subsection shall be a Class II felony.

(d) It shall be a Class I misdemeanor for any person, including an employee or official of
the department, the Department of Revenue, or another state agency or local government,
to breach the confidentiality of information obtained pursuant to this article.

(e) Making false statements to a law enforcement official about any fact or circumstance
relating to the medical use of marijuana to avoid arrest or prosecution is subject to a civil
penalty of not more than $500.00, which shall be in addition to any other penalties that may
apply for making a false statement or for the use of marijuana other than use undertaken
pursuant to this article.

43-34-138.

(a) All fees received and civil penalties imposed under this article shall be deposited in the
state treasury in accordance with Part 1 of Article 4 of Chapter 12 of Title 45, the 'Budget
Act.' The General Assembly declares its intent to appropriate for the purposes of funding
this article each fiscal year an amount equal to that generated by the prior year's fees and
civil penalties as provided for in this article. In accordance with Article III, Section IX,
Paragraph IV(c) of the Constitution of Georgia, all unexpended funds shall lapse to the
general fund of the state treasury.

(b) The department and the Department of Revenue may accept private grants, gifts,
donations, contributions, and devises to assist in carrying out the provisions of this article.

43-34-139.

(a) If the department or the Department of Revenue fails to issue a registry identification
card within 45 days of the submission of a valid application or renewal, the registry
identification card shall be deemed issued, and a copy of the registry identification card
application or renewal shall be deemed a valid registry identification card.

(b) If at any time after the 120 days following the effective date of this article the
department is not accepting applications or has not promulgated rules allowing qualifying
patients to submit applications, a notarized statement by a qualifying patient containing the
information required in an application pursuant to paragraph (3) of subsection (a) of Code
Section 43-34-126, together with a written certification issued by a physician within the 90
days immediately preceding the notarized statement, shall be deemed a valid registry
identification card.

43-34-139.1.

fees, and such other information as may be required. Upon receipt of such material, the
Georgia Crime Information Center shall promptly forward one set of fingerprints to the
Federal Bureau of Investigation for a search of bureau records and the preparation of an
appropriate report concerning such records search and shall retain the other set and
promptly conduct a search of its own records and all records to which the center has access.
The Georgia Crime Information Center shall notify the department in writing of any
derogatory finding, including, but not limited to, any conviction data regarding the
fingerprint records check or if there is no such finding. All conviction data received by the
department shall not be a public record, shall be privileged, and shall not be disclosed to
any other person or agency except as provided in this Code section and except to any
