PROPOSITION 203

OFFICIAL TITLE
AN INITIATIVE MEASURE
AMENDING TITLE 36, ARIZONA REVISED STATUTES, BY ADDING CHAPTER 28.1; AMENDING SECTION 43-1201, ARIZONA REVISED STATUTES; RELATING TO THE MEDICAL USE OF MARIJUANA; PROVIDING FOR CONDITIONAL REPEAL.

TEXT OF PROPOSED AMENDMENT

Be it enacted by the people of the state of Arizona:

Section 1. Title.
This act may be cited as the “Arizona Medical Marijuana Act.”

Sec. 2. Findings.
The People of the State of Arizona find and declare the following:

A. Marijuana’s recorded use as a medicine goes back nearly 5,000 years, and modern medical research has confirmed beneficial uses for marijuana in treating or alleviating the pain, nausea and other symptoms associated with a variety of debilitating medical conditions, including cancer, multiple sclerosis and HIV/AIDS, as found by the National Academy of Sciences’ Institute of Medicine in March 1999.

B. Studies published since the 1999 Institute of Medicine report have continued to show the therapeutic value of marijuana in treating a wide array of debilitating medical conditions. These include relief of neuropathic pain caused by multiple sclerosis, HIV/AIDS and other illnesses that often fail to respond to conventional treatments and relief of nausea, vomiting and other side effects of drugs used to treat HIV/AIDS and hepatitis C, increasing the chances of patients continuing on life-saving treatment regimens.

C. Marijuana has many currently accepted medical uses in the United States, having been recommended by thousands of licensed physicians to at least 260,000 patients in the states with medical marijuana laws. Marijuana’s medical utility has been recognized by a wide range of medical and public health organizations, including the American Academy of HIV Medicine, American College of Physicians, American Nurses Association, American Public Health Association, Leukemia & Lymphoma Society and many others.

D. Data from the Federal Bureau of Investigation’s Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marijuana arrests in the U.S. are made under state law, rather than under federal law. Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill patients who have a medical need to use marijuana.

E. Alaska, California, Colorado, Hawaii, Maine, Michigan, Montana, Nevada, New Mexico, Oregon, Vermont, Rhode Island and Washington have removed state-level criminal penalties for the medical use and cultivation of marijuana. Arizona joins in this effort for the health and welfare of its citizens.

F. States are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. Therefore, compliance with this act does not put the state of Arizona in violation of federal law.

G. State law should make a distinction between the medical and nonmedical uses of marijuana. Hence, the purpose of this act is to protect patients with debilitating medical conditions, as well as their physicians and providers, from arrest and prosecution, criminal and other penalties and property forfeiture if such patients engage in the medical use of marijuana.

Sec. 3. Title 36, Arizona Revised Statutes, is amended by adding Chapter 28.1 to read:

36-2811. Presumption of medical use of marijuana; protections; civil penalty

1. The presumption exists if the qualifying patient or designated caregiver:
   a. Is in possession of a registry identification card.
   b. Is in possession of an amount of marijuana that does not exceed the allowable amount of marijuana.
   c. The presumption may be rebutted by evidence that conduct related to marijuana was not for the purpose of treating or alleviating the qualifying patient’s debilitating medical condition or symptoms associated with the qualifying patient’s debilitating medical condition pursuant to this chapter.

B. A registered qualifying patient or registered designated caregiver is not subject to arrest, prosecution or
PROPOSITION 203

A. EXCEPT AS PROVIDED IN SECTION 36-2802, A QUALIFYING PATIENT AND A QUALIFYING PATIENT’S DESIGNATED CAREGIVER, IF ANY, MAY ASSERT THE MEDICAL PURPOSE FOR USING MARIJUANA AS A DEFENSE TO ANY PROSECUTION OF AN OFFENSE INVOLVING MARIJUANA INTENDED FOR A QUALIFYING PATIENT’S MEDICAL USE, AND THIS DEFENSE SHALL BE PRESUMED VALID WHERE THE EVIDENCE SHOWS THAT:

1. A PHYSICIAN STATES THAT, IN THE PHYSICIAN’S PROFESSIONAL OPINION, AFTER HAVING COMPLETED A FULL ASSESSMENT OF THE QUALIFYING PATIENT’S MEDICAL HISTORY AND CURRENT MEDICAL CONDITION MADE IN THE COURSE OF A BONA FIDE PHYSICIAN-PATIENT RELATIONSHIP, THE QUALIFYING PATIENT IS LIKELY TO RECEIVE THERAPEUTIC OR PALLIATIVE BENEFIT FROM THE MEDICAL USE OF MARIJUANA TO TREAT OR ALLEVIATE THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION OR SYMPTOMS ASSOCIATED WITH THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION.

2. THE QUALIFYING PATIENT AND THE QUALIFYING PATIENT’S DESIGNATED CAREGIVER, IF ANY, WERE COLLECTIVELY IN POSSESSION OF A QUANTITY OF MARIJUANA THAT WAS NOT MORE THAN WAS REASONABLY NECESSARY TO ENSURE THE UNINTERRUPTED AVAILABILITY OF MARIJUANA FOR THE PURPOSE OF TREATING OR ALLEVIATING THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION OR SYMPTOMS ASSOCIATED WITH THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION.

3. ALL MARIJUANA PLANTS WERE CONTAINED IN AN ENCLOSED LOCKED FACILITY.

4. THE QUALIFYING PATIENT AND THE QUALIFYING PATIENT’S DESIGNATED CAREGIVER, IF ANY, WERE ENGAGED IN THE ACQUISITION, POSSESSION, CULTIVATION, MANUFACTURE, DELIVER, TRANSFER, TRANSPORT, SUPPLY, SELL OR DISPENSE MARIJUANA OR RELATED SUPPLIES AND EDUCATIONAL MATERIALS TO REGISTERED QUALIFYING PATIENTS, TO REGISTERED DESIGNATED CAREGIVERS ON BEHALF OF REGISTERED QUALIFYING PATIENTS OR TO OTHER REGISTERED NONPROFIT MEDICAL MARIJUANA DISPENSARIES.

B. A PHYSICIAN SHALL NOT BE SUBJECT TO ARREST, PROSECUTION OR PENALTY IN ANY MANNER OR DENIED ANY RIGHT OR PRIVILEGE, INCLUDING ANY CIVIL PENALTY OR DISCIPLINARY ACTION BY A COURT OR OCCUPATIONAL OR PROFESSIONAL LICENSING BOARD OR BUREAU, BASED SOLELY ON PROVIDING WRITTEN CERTIFICATIONS OR FOR OTHERWISE STATING THAT, IN THE PHYSICIAN’S PROFESSIONAL OPINION, A PATIENT IS LIKELY TO RECEIVE THERAPEUTIC OR PALLIATIVE BENEFIT FROM THE MEDICAL USE OF MARIJUANA TO TREAT OR ALLEVIATE THE PATIENT’S DEBILITATING MEDICAL CONDITION OR SYMPTOMS ASSOCIATED WITH THE DEBILITATING MEDICAL CONDITION, BUT NOTHING IN THIS CHAPTER PREVENTS A PROFESSIONAL LICENSING BOARD FROM SANCTIONING A PHYSICIAN FOR FAILING TO PROPERLY EVALUATE A PATIENT’S MEDICAL CONDITION OR OTHERWISE VIOLATING THE STANDARD OF CARE FOR EVALUATING MEDICAL CONDITIONS.

C. A PHYSICIAN-PATIENT RELATIONSHIP, THE QUALIFYING PATIENT IS LIKELY TO RECEIVE THERAPEUTIC OR PALLIATIVE BENEFIT FROM THE MEDICAL USE OF MARIJUANA TO TREAT OR ALLEVIATE THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION OR SYMPTOMS ASSOCIATED WITH THE DEBILITATING MEDICAL CONDITION, BUT NOTHING IN THIS CHAPTER PREVENTS A PROFESSIONAL LICENSING BOARD FROM SANCTIONING A PHYSICIAN FOR FAILING TO PROPERLY EVALUATE A PATIENT’S MEDICAL CONDITION OR OTHERWISE VIOLATING THE STANDARD OF CARE FOR EVALUATING MEDICAL CONDITIONS.

D. NO PERSON MAY BE SUBJECT TO ARREST, PROSECUTION OR PENALTY IN ANY MANNER, OR DENIED ANY RIGHT OR PRIVILEGE, INCLUDING ANY CIVIL PENALTY OR DISCIPLINARY ACTION BY A COURT OR OCCUPATIONAL OR PROFESSIONAL LICENSING BOARD OR BUREAU, BASED SOLELY ON PROVIDING WRITTEN CERTIFICATIONS OR FOR OTHERWISE STATING THAT, IN THE PHYSICIAN’S PROFESSIONAL OPINION, A PATIENT IS LIKELY TO RECEIVE THERAPEUTIC OR PALLIATIVE BENEFIT FROM THE MEDICAL USE OF MARIJUANA TO TREAT OR ALLEVIATE THE PATIENT’S DEBILITATING MEDICAL CONDITION OR SYMPTOMS ASSOCIATED WITH THE DEBILITATING MEDICAL CONDITION, BUT NOTHING IN THIS CHAPTER PREVENTS A PROFESSIONAL LICENSING BOARD FROM SANCTIONING A PHYSICIAN FOR FAILING TO PROPERLY EVALUATE A PATIENT’S MEDICAL CONDITION OR OTHERWISE VIOLATING THE STANDARD OF CARE FOR EVALUATING MEDICAL CONDITIONS.

E. A REGISTERED NONPROFIT MEDICAL MARIJUANA DISPENSARY IS NOT SUBJECT TO PROSECUTION; SEARCH OR INSPECTION, EXCEPT BY THE DEPARTMENT PURSUANT TO SECTION 36-2806, SUBSECTION H; SEIZURE OR PENALTY IN ANY MANNER AND MAY NOT BE DENIED ANY RIGHT OR PRIVILEGE, INCLUDING ANY CIVIL PENALTY OR DISCIPLINARY ACTION BY A COURT OR BUSINESS LICENSING BOARD OR ENTITY, FOR WORKING OR VOLUNTEERING FOR A REGISTERED NONPROFIT MEDICAL MARIJUANA DISPENSARY PURSUANT TO THIS CHAPTER AND DEPARTMENT REGULATIONS TO ACQUIRE, POSSESS, CULTIVATE, MANUFACTURE, DELIVER, TRANSFER, TRANSPORT, SUPPLY, SELL OR DISPENSE MARIJUANA OR RELATED SUPPLIES AND EDUCATIONAL MATERIALS TO REGISTERED QUALIFYING PATIENTS, TO REGISTERED DESIGNATED CAREGIVERS ON BEHALF OF REGISTERED QUALIFYING PATIENTS OR TO OTHER REGISTERED NONPROFIT MEDICAL MARIJUANA DISPENSARIES.

F. A REGISTERED NONPROFIT MEDICAL MARIJUANA DISPENSARY AGENT IS NOT SUBJECT TO ARREST, PROSECUTION, SEARCH, SEIZURE OR PENALTY IN ANY MANNER AND MAY NOT BE DENIED ANY RIGHT OR PRIVILEGE, INCLUDING CIVIL PENALTY OR DISCIPLINARY ACTION BY A COURT OR OCCUPATIONAL OR PROFESSIONAL LICENSING BOARD OR ENTITY, FOR WORKING OR VOLUNTEERING FOR A REGISTERED NONPROFIT MEDICAL MARIJUANA DISPENSARY PURSUANT TO THIS CHAPTER AND DEPARTMENT REGULATIONS TO ACQUIRE, POSSESS, CULTIVATE, MANUFACTURE, DELIVER, TRANSFER, TRANSPORT, SUPPLY, SELL OR DISPENSE MARIJUANA OR RELATED SUPPLIES AND EDUCATIONAL MATERIALS TO REGISTERED QUALIFYING PATIENTS, TO REGISTERED DESIGNATED CAREGIVERS ON BEHALF OF REGISTERED QUALIFYING PATIENTS OR TO OTHER REGISTERED NONPROFIT MEDICAL MARIJUANA DISPENSARIES.

G. PROPERTY, INCLUDING ALL INTERESTS IN THE PROPERTY, OTHERWISE SUBJECT TO FORFEITURE UNDER TITLE 13, CHAPTER 39, THAT IS POSSESSED, OWNED OR USED IN CONNECTION WITH THE MEDICAL USE OF MARIJUANA AUTHORIZED UNDER THIS CHAPTER OR ACTS INCIDENTAL TO THE MEDICAL USE OF MARIJUANA AUTHORIZED UNDER THIS CHAPTER, IS NOT SUBJECT TO SEIZURE OR FORFEITURE. THIS SUBSECTION DOES NOT PREVENT CIVIL FORFEITURE IF THE BASIS FOR THE FORFEITURE IS UNRELATED TO THE MEDICAL USE OF MARIJUANA.

H. MERE POSSESSION OF, OR APPLICATION FOR, A REGISTRY IDENTIFICATION CARD MAY NOT CONSTITUTE PROBABLE CAUSE OR REASONABLE SUSPICION, NOR MAY IT BE USED TO SUPPORT THE SEARCH OF THE PERSON OR PROPERTY OF THE PERSON POSSESSING OR APPLYING FOR THE REGISTRY IDENTIFICATION CARD. THE POSSESSION OF, OR APPLICATION FOR, A REGISTRY IDENTIFICATION CARD DOES NOT PRECLUDE THE EXISTENCE OF PROBABLE CAUSE IF PROBABLE CAUSE EXISTS ON OTHER GROUNDS.

I. NO SCHOOL, LANDLORD OR EMPLOYER MAY BE PENALIZED OR DENIED ANY BENEFIT UNDER STATE LAW FOR ENROLLING, LEASING TO OR EMPLOYING A QUALIFYING PATIENT OR A REGISTERED DESIGNATED CAREGIVER.

36-2812. Affirmative defense

A. EXCEPT AS PROVIDED IN SECTION 36-2802, A QUALIFYING PATIENT AND A QUALIFYING PATIENT’S DESIGNATED CAREGIVER, IF ANY, MAY ASSERT THE MEDICAL PURPOSE FOR USING MARIJUANA AS A DEFENSE TO ANY PROSECUTION OF AN OFFENSE INVOLVING MARIJUANA INTENDED FOR A QUALIFYING PATIENT’S MEDICAL USE, AND THIS DEFENSE SHALL BE PRESUMED VALID WHERE THE EVIDENCE SHOWS THAT:

1. A PHYSICIAN STATES THAT, IN THE PHYSICIAN’S PROFESSIONAL OPINION, AFTER HAVING COMPLETED A FULL ASSESSMENT OF THE QUALIFYING PATIENT’S MEDICAL HISTORY AND CURRENT MEDICAL CONDITION MADE IN THE COURSE OF A BONA FIDE PHYSICIAN-PATIENT RELATIONSHIP, THE QUALIFYING PATIENT IS LIKELY TO RECEIVE THERAPEUTIC OR PALLIATIVE BENEFIT FROM THE MEDICAL USE OF MARIJUANA TO TREAT OR ALLEVIATE THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION OR SYMPTOMS ASSOCIATED WITH THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION.

2. THE QUALIFYING PATIENT AND THE QUALIFYING PATIENT’S DESIGNATED CAREGIVER, IF ANY, WERE COLLECTIVELY IN POSSESSION OF A QUANTITY OF MARIJUANA THAT WAS NOT MORE THAN WAS REASONABLY NECESSARY TO ENSURE THE UNINTERRUPTED AVAILABILITY OF MARIJUANA TO TREAT OR ALLEVIATE THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION OR SYMPTOMS ASSOCIATED WITH THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION.

3. ALL MARIJUANA PLANTS WERE CONTAINED IN AN ENCLOSED LOCKED FACILITY.

4. THE QUALIFYING PATIENT AND THE QUALIFYING PATIENT’S DESIGNATED CAREGIVER, IF ANY, WERE ENGAGED IN THE ACQUISITION, POSSESSION, CULTIVATION, MANUFACTURE, USE OR TRANSPORTATION OF MARIJUANA, PARAPHERNALIA OR BOTH, RELATING TO THE ADMINISTRATION OF MARIJUANA SOLELY TO TREAT OR ALLEVIATE THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION OR SYMPTOMS ASSOCIATED WITH THE QUALIFYING PATIENT’S DEBILITATING MEDICAL CONDITION.
B. A PERSON MAY ASSERT THE MEDICAL PURPOSE FOR USING MARIJUANA IN A MOTION TO DISMISS, AND THE CHARGES SHALL BE DISMISSED FOLLOWING AN EVIDENTIARY HEARING WHERE THE PERSON SHOWS THE ELEMENTS LISTED IN SUBSECTION (A).

C. IF A QUALIFYING PATIENT OR A QUALIFYING PATIENT’S DESIGNATED CAREGIVER DEMONSTRATE THE QUALIFYING PATIENT’S MEDICAL PURPOSE FOR USING MARIJUANA PURSUANT TO THIS SECTION, THE QUALIFYING PATIENT AND THE QUALIFYING PATIENT'S DESIGNATED CAREGIVER SHALL NOT BE SUBJECT TO THE FOLLOWING FOR THE QUALIFYING PATIENT'S MEDICAL USE OF MARIJUANA:

1. DISCIPLINARY ACTION BY A COURT OR OCCUPATIONAL OR PROFESSIONAL LICENSING BOARD OR BUREAU.

36-2813. Discrimination prohibited

A. NO CARDHOLDER MAY REFUSE TO ENROLL OR LEASE TO AND MAY NOT OTHERWISE PENALIZE A PERSON SOLELY FOR HIS STATUS AS A CARDHOLDER, UNLESS FAILING TO DO SO WOULD CAUSE THE SCHOOL OR LANDLORD TO LOSE A MONETARY OR LICENSING RELATED BENEFIT UNDER FEDERAL LAW OR REGULATIONS.

UNLESS A FAILURE TO DO SO WOULD CAUSE AN EMPLOYER TO LOSE A MONETARY OR LICENSING RELATED BENEFIT UNDER FEDERAL LAW OR REGULATIONS, AN EMPLOYER MAY NOT DISCRIMINATE AGAINST A PERSON IN HIRING, TERMINATION OR IMPOSING ANY TERM OR CONDITION OF EMPLOYMENT OR OTHERWISE PENALIZE A PERSON BASED UPON EITHER:

1. THE PERSON’S STATUS AS A CARDHOLDER.

3. FOR THE PURPOSES OF MEDICAL CARE, INCLUDING ORGAN TRANSPLANTS, A REGISTERED QUALIFYING PATIENT’S AUTHORIZED USE OF MARIJUANA MUST BE CONSIDERED THE EQUIVALENT OF THE USE OF ANY OTHER MEDICATION UNDER THE DIRECTION OF A PHYSICIAN AND DOES NOT CONSTITUTE THE USE OF AN ILLICIT SUBSTANCE OR OTHERWISE DISQUALIFY A REGISTERED QUALIFYING PATIENT’S LICIT CARE.

D. NO PERSON MAY BE DENIED CUSTODY OF OR VISITATION OR PARENTING TIME WITH A MINOR, AND THERE IS NO PRESUMPTION OF NEGLECT OR CHILD ENDANGERMENT FOR CONDUCT ALLOWED UNDER THIS CHAPTER, UNLESS THE PERSON'S BEHAVIOR CREATES AN UNREASONABLE DANGER TO THE SAFETY OF THE MINOR AS ESTABLISHED BY CLEAR AND CONVINCING EVIDENCE.

1. A GOVERNMENT MEDICAL ASSISTANCE PROGRAM OR PRIVATE HEALTH INSURER TO REIMBURSE A PERSON FOR COSTS ASSOCIATED WITH THE MEDICAL USE OF MARIJUANA.

3. AN EMPLOYER TO ALLOW THE INGESTION OF MARIJUANA IN ANY WORKPLACE OR ANY EMPLOYEE TO WORK WHILE UNDER THE INFLUENCE OF MARIJUANA, EXCEPT THAT A REGISTERED QUALIFYING PATIENT SHALL NOT BE CONSIDERED TO BE UNDER THE INFLUENCE OF MARIJUANA SOLELY BECAUSE OF THE PRESENCE OF METABOLITES OR COMPONENTS OF MARIJUANA THAT APPEAR IN INSUFFICIENT CONCENTRATION TO CAUSE IMPAIRMENT.

Issued by the Arizona Secretary of State's Office
Proposition 203 would allow a “qualifying patient” who has a “debilitating medical condition” to obtain an “allowable amount of marijuana” from a “nonprofit medical marijuana dispensary” and to possess and use the marijuana to treat or alleviate the debilitating medical condition or symptoms associated with the condition. The Arizona Department of Health Services (DHS) would be required to adopt and enforce a regulatory system for the distribution of marijuana for medical use, including a system for approving, renewing and revoking the registration of qualifying patients, designated caregivers, nonprofit dispensaries and dispensary agents. The costs of the regulatory system would be paid from application and renewal fees collected, civil penalties imposed and private donations received pursuant to this proposition.

A “qualifying patient” is defined as a person who has been diagnosed by a physician (a doctor of medicine, osteopathy, naturopathic medicine or homeopathy) as having one of the following debilitating medical conditions:

2. Glaucoma.
3. Positive status for human immunodeficiency virus.
4. Acquired immune deficiency syndrome.
5. Hepatitis C.
6. Amyotrophic lateral sclerosis.
9. A chronic or debilitating disease or medical condition that produces any of the following:
   a. Cachexia or wasting syndrome.
   b. Severe and chronic pain.
   c. Severe nausea.
   d. Seizures (including those characteristic of epilepsy).
   e. Severe and persistent muscle spasms (including those characteristic of multiple sclerosis).
10. Any other medical condition added by DHS through a public petition process.

In order to register with DHS, a qualifying patient must submit a signed written certification issued by the physician that states the physician’s professional opinion that the patient is likely to receive therapeutic or symptom-relieving benefits from the medical use of marijuana to treat or alleviate a debilitating medical condition. The certification must specify the debilitating medical condition and must be made in the course of a physician-patient relationship after the physician has completed a full assessment of the patient’s medical history. If the qualifying patient is under 18 years of age, the patient’s custodial parent or legal guardian must submit written certifications from two physicians and the custodial parent or legal guardian must consent in writing to control the patient’s medical use of the marijuana.

A qualifying patient who is registered with DHS (or a registered designated caregiver on behalf of the qualifying patient) may obtain up to 2.5 ounces of marijuana in a 14-day period from a registered nonprofit medical marijuana dispensary. If the qualifying patient’s home is located more than 25 miles from the nearest nonprofit medical marijuana dispensary, the patient or designated caregiver may cultivate up to 12 marijuana plants in an enclosed, locked facility.

A registered nonprofit medical marijuana dispensary must be operated on a not-for-profit basis, but may receive payment for all expenses incurred in its operation. DHS may not issue more than one nonprofit medical marijuana dispensary registration certificate for every ten pharmacy permits issued by the Arizona State Board of Pharmacy under current law. The dispensary may cultivate marijuana only in an enclosed, locked facility and may acquire marijuana from a registered qualifying patient or designated caregiver if the patient or caregiver is not compensated for the marijuana. This proposition specifies various security, record-keeping and verification requirements relating to the operation of dispensaries.

Proposition 203 would generally provide that any person who acts in conformity with the requirements of the proposition is not subject to any governmental imposition of sanctions relating to the medical use of marijuana. This proposition would prohibit certain discriminatory practices, including the following:

1. A school or landlord may not refuse to enroll or lease to a person registered pursuant to this proposition unless failing to do so would cause the school or landlord to lose a monetary or licensing benefit under federal law.
2. An employer may not discriminate against a person registered pursuant to this proposition in hiring, terminating or imposing employment conditions unless failing to do so would cause the employer to lose a monetary or licensing benefit under federal law. Further, an employer may not penalize a qualifying patient registered pursuant to this proposition for a positive drug test for marijuana, unless the patient used, possessed or was impaired by marijuana on the employment premises or during hours of employment. By its terms, Proposition 203 would not:
   1. Authorize a person to undertake any task under the influence of marijuana that constitutes negligence or professional malpractice.
   2. Authorize possessing or using medical marijuana on a school bus, on the grounds of a preschool, primary school or high school or in a correctional facility.
   3. Authorize smoking marijuana on public transportation or in a public place.
   4. Authorize operating, navigating or being in actual physical control of a motor vehicle, aircraft or motorboat while under the influence of marijuana. A registered qualifying patient would not be considered to be under the influence of marijuana solely because of the presence of marijuana in the person’s system that appears in a concentration insufficient to cause impairment.
5. Require a government medical assistance program or private health insurer to reimburse a person for costs associated with the medical use of marijuana.
6. Require an owner of private property to allow the use of marijuana on that property.
7. Require an employer to allow the ingestion of marijuana in the workplace.
8. Prevent a nursing care or other residential or inpatient healthcare facility from adopting reasonable restrictions on the provision, storage and use of marijuana by residents or patients.

FISCAL IMPACT STATEMENT
State law requires the Joint Legislative Budget Committee (JLBC) Staff to prepare a summary of the fiscal impact of certain ballot measures. Proposition 203 is projected to cost the state Department of Health Services $600,000 to operate in the first year and $1.5 million in the second year. Once fully established in the third year, the projected cost is $3.1 million. Proposition 203 requires this cost to be funded from application and renewal fees, civil penalties, and private donations.

ARGUMENTS “FOR” PROPOSITION 203

Medical marijuana saved my life. This isn’t a policy argument in favor of PROP 203; this is what happened to me, a young, outgoing, 26-year-old pursuing her dreams. I am sharing this so that anyone who has any doubt about the need for medical marijuana will understand the difference this medicine can make.

In 2007, I was diagnosed with stage IV brain cancer and given a grim prognosis: I likely had just six months to live. My only chance for survival was a brutal regimen of chemotherapy coupled with radiation. For months I endured muscle weakness, fatigue, loss of appetite, and strong bouts of nausea... I was losing weight, losing my hair and worst of all my strength. The side effects of the treatment were literally killing me and no pharmaceutical drug was alleviating any of my symptoms.

Running out of time and hope, I decided to follow the suggestion of a family member and try something I had never tried before in my life: marijuana. I tried it and it helped. Almost immediately after using it, the severity of my nausea was diminished. I developed an appetite and was able to eat food. Gradually, I put on some weight and regained my strength.

Three years later, I am alive and feeling good. I continue to undergo monthly maintenance chemotherapy treatments. And when I do, I use some marijuana both before and after my treatments.

While my story is especially dramatic, there are other patients like me – with MS, HIV/AIDS or other conditions – who have found relief from marijuana.

We don’t deserve to be jailed for using marijuana. And we would benefit from safe and reliable access to our medicine. So on behalf of myself and other patients; please vote YES on PROP 203.

Heather Torgerson, Chair, Arizona Medical Marijuana Policy Project, Phoenix

We the People...
With these three words, our founding fathers put together one of the most celebrated documents of our fledgling nation. The U.S. Constitution (written on hemp paper) set out the basic rights for citizens to enjoy their freedom which holds true today as much as it did when the Constitution was written in 1789. Today you will have the opportunity to vote for an initiative which was put on the ballot by your fellow citizens.

If Arizona passes this initiative we will become the 15th state to allow seriously ill patients battling diseases like cancer, multiple sclerosis and HIV/AIDS to use medical marijuana, with their doctor’s approval, which will relieve their pain and suffering and improve their quality of life.

• Prop 203 is self-funding. What this means is not a dime of taxpayer dollars will be used to implement the initiative if it passes.
• This model bill will tightly regulate the non-profit dispensaries limiting the number to 120 statewide.
• The initiative will require a doctors certification of need before a registry identification card will be issued. The Arizona Department of Health will administer the program and a secure database of patients will be maintained and only people who are seriously ill or dying will have access to medical marijuana.
• Voting yes on this initiative will prevent seriously ill patients from being threatened with arrest for the simple act of taking their doctor-recommended medicine.

By voting YES on this initiative you are fulfilling the dream as set out by Thomas Jefferson (President and hemp farmer). An interesting fact, Thomas Jefferson suffered from migraine headaches and was known to smoke Indian Hemp for pain relief.

Regardless of how you vote for this initiative, thank you for coming out to vote.

Michelle B. Graye, Tucson

Prop. 203 is about compassion, control and commonsense. We hope you will support it.

The purpose of the proposed law is to allow seriously ill patients, whose doctors believe they would benefit from the use of marijuana, to acquire the medicine they need under tightly regulated conditions. Quite simply, if you believe patients with specific qualifying conditions or symptoms should be able to use marijuana, then you can vote YES on this initiative with confidence that these patients – and only these patients – will benefit from the law.

Unlike California, where it’s possible to get a doctor’s recommendation to use marijuana for almost any condition, only patients with a limited number of serious and debilitating conditions, including cancer, HIV/AIDS, Alzheimer’s Disease, glaucoma, Crohn’s disease, and multiple sclerosis (MS), will be able to acquire medical marijuana in Arizona. Patients will also have to register with the state and will be entered into a database accessible by all medical marijuana dispensaries to ensure that patients cannot purchase more marijuana than they need.

Unlike Colorado, where state and local laws have made it possible for 500-1000 medical marijuana dispensaries to set up shop, the number of dispensaries in Arizona will be limited to one for every ten pharmacies. Currently, that means only 124 dispensaries will be allowed in the entire state.

Although this proposed law is restrictive, it will accomplish the most important goal of any medical marijuana law: it will protect seriously ill patients using medical marijuana from arrest and imprisonment. It will also free them from the shame, danger and un Reliability of having to find the medicine they need on the streets.

There are thousands of patients in Arizona who will benefit from the passage of this initiative. Please help them by voting YES on Prop. 203.

ARGUMENTS “AGAINST” PROPOSITION 203

Dear Arizonan:

The ADHS does not support the passage of Proposition 203 - the Arizona Medical Marijuana Act.

The FDA doesn’t recognize smoking marijuana as a treatment for any medical condition. Despite this fact, the Arizona Medical Marijuana Act would let people apply for and receive registration cards that allow them to purchase and use marijuana for therapeu-
tic purposes.

The medical conditions that qualify for a medical marijuana registration card include “a chronic or debilitating disease or medical condition or its treatment that produces severe or chronic pain.” Smoking marijuana is not part of the normal medical management of pain, and marijuana hasn’t been tested by the FDA for its safety or effectiveness for pain management. There are numerous FDA-approved medications available that are clinically proven to be safe and effective for pain relief and management.

Because pain is a personal experience that’s difficult to confirm with diagnostic tests, recreational marijuana users may complain of “severe or chronic pain” to their doctors and (with their recommendation) get a marijuana registration card. Many states that have implemented medical marijuana laws have found that most applicants cite “severe or chronic pain” as part of their qualifying medical condition. Severe or chronic pain was a factor for more than 88% of all medical marijuana cardholders in Montana.

The major problems with Proposition 203 are:

• The Act would allow people to apply for and receive registration cards so they can purchase and use marijuana for therapeutic purposes even though the FDA doesn’t recognize smoking marijuana as a treatment for any medical condition;

• The majority of cardholders in Arizona will likely qualify because of severe or chronic pain, which has dozens of approved safe and effective treatment alternatives; and

• The law may increase the recreational use & abuse of marijuana.

There are ways to make sure medical marijuana only goes to sick people who really need it. For example, New Mexico’s law strictly limits who gets marijuana and who can prescribe it. But Proposition 203 is like laws in California and Montana, where most of the pot goes to drug abusers, and where traffic fatalities involving marijuana have skyrocketed. In California, doctors openly advertise that they prescribe marijuana, and they rarely turn anyone down. See for yourself at www.potdoc.com. In Montana, traveling pot doctors go from town to town, handing out marijuana cards to anyone with $150. So limiting prescriptions to licensed physicians obviously won’t protect against drug abuse. Neither will rules limiting medical marijuana to specific conditions. Prop 203 lists severe pain as a permitted condi-
tion, but pain is easy to fake and impossible to disprove. In Colorado, most medical marijuana patients are ages 18 – 35, the most com-
mon diagnosis is “severe pain,” and the dispensaries are on college campuses. So don’t buy the story that it’s only for people with serious and terminal illnesses. Prop 203 is designed to encourage drug abuse. And unscrupulous doctors. If a doctor advertised oxycon-
tin for everyone, the licensing board would yank his license. But Prop 203 protects doctors who do nothing but hand out marijuana cards all day long. Potdoc.com’s website actually brags that his prescriptions are “bulletproof” and the licensing board can’t touch him. I’ve spent 25 years working with drug addicts. They’re amazing con artists. They con doctors, judges and relatives, but please don’t let them con the whole state of Arizona. We can have medical marijuana for sick people who truly need it by adopting New Mexico’s law. But not Proposition 203. It’s a prescription for drug abuse. Find more reasons to vote no at edgogek.com.

Here’s 3 reasons to vote no on Proposition 203: 1) Teenagers smoke far more marijuana in states with medical marijuana laws. The pro-marijuana forces claim medical marijuana decreases teenage drug use, but they’re twisting statistics. Teenage marijuana use is decreasing in all 50 states, but the decrease is far less in states with medical marijuana. That’s because when it’s more available, more teenagers try it. California newspapers report how easily teens lie to doctors about pain to get marijuana cards. A Colorado teen boasted on NPR that all her friends have marijuana cards, so it’s always available. Research shows teenage marijuana use has a bad affect on learning, schoolwork and later job performance. Yet California’s Drug Policy Alliance director says doctors should be allowed to recommend marijuana to children of any age. 2) Highway deaths will increase. Read this from an Associated Press report on Montana’s medical marijuana law: “DUI arrests involving marijuana have skyrocketed, as have traffic fatalities where marijuana was found in the system of one of the drivers.” That’s because Montana’s law, just like Proposition 203, is written so poorly that drug abusers who have nothing wrong with them can get all the pot they want. Marijuana is already the most common illegal drug involved in fatal car wrecks. Proposition 203 will make that worse. 3) Crime and violence will increase. Sure, most pot-smokers are non-violent, but most alcohol users never drive drunk. Research shows that heavy marijuana users commit more crime and more violence, the same thing we see with heavy users of other addictive drug. By making pot more available to anyone who wants it, Proposition 203 will increase the number of heavy users, and crime, teenage pot-smoking and fatal car crashes will all increase.

We’re an addiction recovery program and we treat lots of addicted pot-smokers. Some people just can’t believe pot’s addictive because they tried it and never got hooked. But addicted pot-smokers are as different from occasional users as gutter drunks are from people who have an occasional glass of wine with dinner. The addicts we see smoke pot all day long and can’t stop. They claim it makes them creative, helps them relax and expands their lives. In reality, they have no ambition and no motivation. They avoid people and rarely leave home. They can’t hold a job, or not much of one. Far from relaxed, they have terrible anxiety. Marijuana is addictive, and badly designed medical marijuana laws, like Prop 203, make it more available and create more addicts. In our treatment program we’re already seeing California teenagers who got addicted to legally prescribed medical marijuana. Some states have good medical marijuana laws, limiting which doctors can prescribe and requiring second opinions to make sure the diagnosis is real. How-
ever, the organization behind Prop 203 is the Marijuana Policy Project, a group dedicated to legalizing marijuana. So the way they wrote this proposition, addicts will have no problem getting pot, and helping addicts stay stoned is no favor. Addiction is miserable. Our clients tell us they’ve been lying to themselves and others for years, pretending they loved smoking pot when it was really ruining their lives. Lots of addicts tell us that getting arrested and forced into treatment was the best thing that ever happened, to them and to their families. For them, strict marijuana laws are a blessing. Medical marijuana laws should help the sick without also increasing addiction. Some state laws do that, but Prop 203 fails that test.

Proposition 203’s sponsors aren’t being honest. They say it’s only for people with serious diseases like cancer, but other states have passed similar measures, and what happens is anyone can get marijuana. Teenagers, drug addicts, people who just like to party, they all find doctors who, for a fee, gladly sign a marijuana certificate. So most of the people smoking “medical marijuana” have no healthy problem at all, and the state is powerless to stop it. Proposition 203 is sponsored by the Marijuana Policy Project, an organization whose goal is to legalize pot. And that’s what Prop 203 is really about; it’s a back door route to legalization. They could have made Prop 203 like New Mexico’s law, with strict checks so marijuana only goes to genuinely sick people. Instead, Prop 203 is more like California, where one of the main medical marijuana supporters now describes their dispensaries as “little more than dope dealers with storefronts.” We run a halfway house for drug addicts, so we’ve seen how crafty they are. They’ll lie to anyone to get drugs.

Family, friends, doctors; they don’t care. We know their scams, and Prop 203 sounds like one big scam with dope fiend written all over it. And once these laws get passed, forget about promises that it’s just for people with serious illnesses. Pot-smokers and pot-sellers organize to fight any changes. When Colorado tried to close loopholes in their law, college students and marijuana sellers took over legislative hearings, screaming at legislators until cops dragged them away. That’s not a health care debate; that’s angry drug abusers who want their drugs and hate anyone who stands in their way. So to prevent drug abuse, to keep teens off drugs, and to protect Arizona, here’s our recommendation: Just vote no.

The American Academy of Pediatrics opposes marijuana legalization. The National Multiple Sclerosis Society, American Glaucoma Society, the American Cancer Society “does not advocate inhaling smoke, nor the legalization of marijuana.”

The proposition is extremely bad for public safety, for public health and is just plain bad public policy. Increased drug use and availability worsens crime problems, and puts public safety severely at risk. Pot shops are targeted by robbers, and increased crime, drug abuse, marijuana impaired drivers and vehicular fatalities involving marijuana use flourish. This proposition is extremely bad for public safety, for public health and is just plain bad public policy.

The American Medical Association rejected pleas to endorse marijuana as medicine and instead urged that it remain a prohibited, Schedule I controlled substance. The American Cancer Society “does not advocate inhaling smoke, nor the legalization of marijuana.”

The proposition decriminalizes marijuana by creating legal barriers for law enforcement, prosecutors, courts, state licensing boards, and employers. “Medical” Marijuana Card Holders, Caregivers, Dispensaries, and Physicians are all exempt from arrest, search, civil penalties, or disciplinary actions.

Prop 203 allows physicians to issue a “written certification” that patients are likely to benefit from marijuana use. States where “medical” marijuana has passed have seen a growing list of ailments patients and physicians use to justify smoking marijuana including: attention deficit disorder, headaches, anxiety, insomnia, color blindness and various types of pain.

A Cardholder can legally obtain 2.5 ounces per 14 days -- equal to 100 marijuana cigarettes. This initiative allows juveniles to obtain “medical” marijuana with the written permission from parents and certifications by two physicians. Adolescent marijuana usage rates are higher than national averages in states that have legalized “medical” marijuana.

Prop 203 provides no legal standard of marijuana metabolites in the bloodstream indicating intoxication. Arizona employers with or without “Drug Free Work Places” cannot discriminate against a person in hiring, or take action against any employee resulting in a positive drug test for “medical” marijuana.

Operating a motor vehicle or motorboat shall not be considered to be “under the influence” solely because of the presence of marijuana metabolites in insufficient concentration to cause impairment.

The Food and Drug Administration (FDA) has not approved smoked marijuana for any condition or disease.
Arizona Ballot Proposition Guide

Arizona Ballot Proposition Guide

Arizona is a great state with great people. Arizona voters have been known to defy the odds and defy pressures. Arizona is known for standing up for what’s right. Arizona voters have been known to get things done... on their terms.

But Arizona has a growing problem. Arizona is going to have Proposition 203 on the ballot. Proposition 203 is a dangerous and illegal scheme to make marijuana easy. 

Here’s why Proposition 203 is dangerous: Proposition 203 would turn Arizona into a land of free and easy marijuana. Here’s a shadowy group of people who propose Proposition 203. They propose Proposition 203 because they are bad people. They are bad people because they are either corrupt criminals or they are criminals who desire to be paid back with more of the same.

Here’s why Proposition 203 would destroy Arizona: Proposition 203 would destroy Arizona. Proposition 203 would destroy Arizona because it would be a gateway to more destruction.

We are here to protect our children, reduce crime, and keep drugs off of our streets. We are asking you to join community leaders and valley business leaders like Eric Wnuck, 2006 gubernatorial candidate Len Munsil, former US Attorney Paul Charlton, and attorneys David Kimball and Carolyn Short in getting behind this cause and voting “NO” on Prop 203.

You’ve probably already seen it on FOX News... Unregulated and out-of-control dispensaries in California, slayings in Los Angeles, doctors doling out marijuana cards to every “patient” with a headache, and “patients” being given enough weed to smoke one joint every 15 minutes. We can only prevent this from happening in Arizona with your help, support, and your “No” vote on November 2nd.

Vote No on Prop 203

Weed is a gateway drug. Kids today are told that compared to meth and heroin, marijuana is harmless. They are told that marijuana can open your mind, make you more creative and interesting, and it comes without the dangers of heavier drugs and the lifestyle associated with them. However, with so many harmful drugs so easily available, it is only a matter of time before kids who only used weed are tempted to try something “a little more exciting,” i.e. dangerous.

The most destructive thing we could subject our children to is MORE harmful drugs in Arizona, and that is precisely what Prop 203 aims to do – flood Arizona with illegal drugs. The legalization of “medical” marijuana sends the message to our children that weed is not only acceptable, but GOOD FOR YOU! This is appalling. Now, more than ever, our kids need us to take a stand for their future!

We are here to protect our children, reduce crime, and keep drugs off of our streets. Vote No on Prop 203

There is no such thing as “medical” marijuana and the proponents of Prop 203 are not doctors. The FDA must approve medicines in the U.S. Marijuana not only isn’t approved by the FDA, it is a Schedule I controlled substance. To subvert our federal laws, proponents of Prop 203 are seeking approval of a dangerous drug by popular vote. An FDA-approved medicine, called Marinol, addresses the true medical needs of patients. Prop 203 is a sham, intended to be a stepping-stone to legalizing marijuana in general.

No medication has ever been approved by popular vote rather than by the FDA. No FDA-approved medicine is smoked. The FDA says that voter initiatives to approve “medical” marijuana “are inconsistent with efforts to ensure that medications undergo the rigorous scientific scrutiny of the FDA approval process and are proven safe and effective under the standards of the FD&C Act. Accordingly, FDA, as the federal agency responsible for reviewing the safety and efficacy of drugs, DEA as the federal agency charged with enforcing the [federal laws], and the Office of National Drug Control Policy, as the federal coordinator of drug control policy, do not support the use of smoked marijuana for medical purposes.”

The health and safety of our children is at stake! Just imagine the mixed message being sent when adults tout marijuana as a safe and effective medicine. In fact, marijuana is a dangerous and addictive drug with a high potential for abuse. In 1994, the Office of National Drug Control Policy reported that more people are being admitted to treatment for marijuana use than for heroin addiction. Moreover, marijuana is a gateway drug! Our children deserve our guidance and protection from marijuana and all other drugs.

Protect our children: Vote no on 203.
