DEPARTMENT OF HUMAN SERVICES, PUBLIC HEALTH DIVISION

DIVISION 8

MEDICAL MARIJUANA

333-008-0000

Description of the Oregon Medical Marijuana Act

The Oregon Medical Marijuana Act (Act) was adopted by voters in the November 3, 1998 general election (Ballot Measure 67). The Act was amended during the 1999 legislative session (Oregon Laws 1999, chapter 825), during the 2005 legislative session (Oregon Laws 2005, chapter 822), and amended again during the 2007 legislative session (Oregon Laws 2007, Chapter 573). The statutes governing the Oregon Medical Marijuana Program (OMMP) are ORS 475.300 through 475.346. The Department of Human Services was assigned rulemaking authority necessary for the implementation and administration of the Oregon Medical Marijuana Act. The Act intends:

- (1) To allow Oregonians with debilitating medical conditions who may benefit from the medical use of marijuana to receive the benefit of their doctor's professional advice regarding the possible risks and benefits of medical marijuana;
- (2) To allow Oregonians suffering from debilitating medical conditions to use small amounts of marijuana without fear of civil or criminal penalties when their doctors advise that such use may provide a medical benefit to them; and
- (3) To make only those changes to existing Oregon laws that are necessary to protect patients and their doctors from criminal and civil penalties, and are not intended to change current civil and criminal laws governing the use of marijuana for non-medical purposes.

New Registration Application and Verification

(1) A person may apply for a registry identification card on a form prescribed by the Department. In order for an application to be considered complete, an applicant must submit the following:

- (a) An application form signed and dated by the applicant;
- (b) Copies of legible, current, and valid U.S. government issued photographic identification from the applicant, the designated primary caregiver, and grower, as applicable. Acceptable forms of government issued photographic identification include but are not limited to:
 - (A) Driver's license;
 - (B) State identification card;
 - (C) Passport; or
 - (D) Military identification card;
- (c) Documentation, which may consist of relevant portions of the applicant's medical record, signed by the applicant's attending physician within 90 days of the date of receipt by the Department, which describes the applicant's debilitating medical condition and states that the use of marijuana may mitigate the symptoms or effects of the applicant's debilitating medical condition;
- (d) A completed "Declaration of Person Responsible for Minor" form for any person under 18 years of age, signed and dated by the person responsible for the minor; and
- (e) An application fee in the form of cash, bank check, or personal check. The Department will place a 10-day hold on the issuance of a registry identification card for an application accompanied by a personal check. An applicant will be given 14 days from Department receipt of non-sufficient funds (NSF) or stop payment notification to submit payment in the form of a bank check or cash.

(2) An applicant may only name, and the Department will only register, one designated primary caregiver and one grower.

(3) For applications received on or after December 1, 2005, the fee for a new application is \$100.00, unless an applicant can demonstrate current eligibility in the OHP, receipt of current food stamp benefits, or receipt of current SSI benefits, in which case the application fee is \$20.00.

- (a) To qualify for a reduced fee on the basis of current eligibility in the OHP, an applicant must provide a copy of the applicant's current eligibility statement.
- (b) To qualify for a reduced fee on the basis of receipt of current SSI benefits, an applicant must provide a copy of a current monthly SSI benefit card, showing dates of coverage.
- (c) To qualify for a reduced fee on the basis of receipt of current food stamp benefits, an applicant must be current in the Food Stamp Management Information System database system or provide a current copy of food stamp benefit identification card.

(4) The Department may verify information on each application and accompanying documentation, including:

- (a) Contacting each applicant by telephone or by mail. If proof of identity is uncertain, the Department may require a face-to-face meeting and may require the production of additional identification materials;
- (b) Contacting a minor's parent or legal guardian;
- (c) Contacting the Oregon Board of Medical Examiners to verify that an attending physician is licensed to practice in the state and is in good standing;
- (d) Contacting the attending physician to request further documentation to support a finding that the physician is the applicant's attending physician. The Department will notify the applicant of the intent to review the medical records and request the applicant's authorization to conduct the review. Failure to authorize a review of medical records may result in the application being declared incomplete, or denial of an application;
- (e) Contacting the OHP, DHS-Self Sufficiency, or Social Security Administration (SSA) to verify eligibility for benefits; and
- (f) Conducting criminal records check under ORS 181.534 of any person whose name is submitted as a grower.

(5) The Department will notify an applicant who submits a reduced fee for which the applicant is not eligible and will give the applicant 14 days from the date of notice to pay the correct fee, submit a current, valid eligibility determination statement for the OHP, current copy of food stamp benefit identification card, or to submit a copy of a receipt for current SSI monthly benefit, as applicable. The Department will continue to process the application pending receipt of an eligibility statement. The Department will not grant an application fee refund for any eligibility determination made on or after the date of issuance of the applicant's registry identification card.

(6) If an applicant does not provide all the information required and the application is considered incomplete, the Department shall notify the applicant of the information that is missing, and shall give the applicant 14 days to submit the missing information.

(7) If the Department is unable to verify that the applicant's attending physician meets the definition under OAR 333-008-0010(3) the applicant will be allowed 30 days to submit written documentation or a new attending physician's declaration from a physician meeting the requirements of these rules. Failure to submit the required attending physician documentation is grounds for denial under ORS 475.309 and OAR 333-008-0030.

(8) If an applicant does not provide the information necessary to declare an application complete, or to complete the verification process within the timelines established

in subsections (6) and (7) of this rule, the application will be returned to the applicant as incomplete, along with the application fee. An applicant whose application is returned as incomplete may reapply at any time.

(9) The application forms referenced in this rule may be obtained by contacting the: Oregon Medical Marijuana Program (OMMP) at PO Box 14450, Portland, OR 97293-0450 or calling 971-673-1226.

If, due to circumstances beyond control of the patient he or she is unable to obtain a second medical opinion about the patient's continuing eligibility to use medical marijuana before the 30-day period has expired, the Department may grant the patient additional time to obtain a second opinion before requiring the patient to return the registry identification card and all associated cards.

(9) The renewal fee is \$100, unless an applicant can demonstrate current eligibility in the OHP, receipt of current food stamp benefits, or receipt of current SSI benefits, in which case the fee is \$20 as set forth in OAR 333-008-0020(3).

(10) The Department will verify the renewal application information in the same manner as specified in OAR 333-008-0020(4).

(c) Failure by a designated primary caregiver or grower to return the OMMP identity and registry identification cards to the Department within seven calendar days of notification by the patient that the person's designation as primary caregiver or grower has been terminated.

(d) Submission of false information by a patient, designated primary caregiver, grower, or attending physician during the registration or registration renewal process.

(e) Conviction of a patient, designated primary caregiver, or grower of a marijuana-related offense that occurred after the date of issuance of a registry identification card.

(3) If the Department has reason to believe that an individual, signing an application as the attending physician, does not meet the definition of attending physician under these rules, the Department may examine the original patient medical record in the physician's possession or a copy provided by the physician. The sole purpose of this examination is to determine whether the physician meets the definition of attending physician in OAR 333-008-0010, including whether the physician has primary responsibility for a patient as that is defined in 333-008-0010, and will not include review of any clinical judgments such as adequacy of diagnosis or propriety of treatment.

(a) The Department will notify the patient of the intent to review the medical records pursuant to this section and request the patient's authorization to conduct the review. An applicant's or patient's failure to authorize a review of his or her medical records may result in denial of an application.

(b) The Department will send written notification allowing the physician 10-days to provide additional information requested by the Department.

(4) In determining whether to examine a patient's medical record pursuant to section (3) of this rule, the Department may consider, but is not limited to, factors such as complaints from patients or family members, complaints from health care providers, total number of applicants for whom the physician provided documentation, or number of applicants for whom the physician provided documentation during a specific time period.

(5) If the OMMP records show that any one physician is the attending physician of record for more than 450 patients at any point in time, the OMMP shall request, in writing, that the physician do one of the following:

(a) Provide information for each new patient over the 450 threshold, including:

(A) Documentation that the patient's medical records have been reviewed;

(B) Patient chart notes documenting the patient was examined by the physician and the date of the examination; and

(C) Documentation showing provided or planned follow-up care;

(b) Provide a letter from a clinic at which the physician provides care requesting that the physician be exempted from section (5) of this rule, and provide documentation from the clinic that:

(A) It has clear systems for ensuring medical records are reviewed and that each patient is examined by a physician;

(B) It provides follow-up care for patients;

(C) It maintains a record system documenting the review of medical records, physician examination, and follow-up care; and

(D) It will allow on-site inspections by OMMP to confirm compliance; or

(c) Provide a written statement explaining why the physician should be released from this requirement, for example, an explanation that the physician:

(A) Has a practice that includes a disproportionately high percentage of patients with qualifying conditions;

(B) Serves as a consultant for other health care providers who refer patients requesting medical marijuana; or

(C) Has multiple practice sites and at one of the practice sites the physician clearly meets the attending physician definition.

(6) If the OMMP receives a request from a physician to be exempted from the requirement in section (5) of this rule, the OMMP shall provide the physician a decision, in writing, explaining whether the physician is or is not exempted from the requirement in section (5) of this rule. The OMMP's written decision shall explain the basis for the OMMP's decision.

(7) The Department shall refer criminal complaints against a patient, designated primary caregiver, or grower; or medical practice complaints against an attending physician to the appropriate state or local authorities.
