SUMMARY AS PASSED: (all summaries)

CBD oil and THC-A oil; certification for use; dispensing. Provides that a practitioner may issue a written certification for the use of cannabidiol (CBD) oil or THC-A oil for the treatment or to alleviate the symptoms of any diagnosed condition or disease determined by the practitioner to benefit from such use. Under current law, a practitioner may only issue such certification for the treatment or to alleviate the symptoms of intractable epilepsy. The bill increases the supply of CBD oil or THC-A oil a pharmaceutical processor may dispense from a 30-day supply to a 90-day supply. The bill reduces the minimum amount of cannabidiol or tetrahydrocannabinol acid per milliliter for a dilution of the Cannabis plant to fall under the definition of CBD oil or THC-A oil, respectively. As introduced, this bill was a recommendation of the Joint Commission on Health Care. The bill contains an emergency clause. This bill is identical to [SB 726](#).
