(20) "Qualifying patient", a person who has been diagnosed by a physician as having a debilitating medical condition;

(21) "Registered", licensed, permitted, or otherwise certified by the department of agriculture, department of health and senior services, or department of insurance, financial institutions and professional registration;

(22) "Registry identification card", a document issued by the department of health and senior services that identifies a person as a registered qualifying patient or registered designated caregiver;

(23) "Usable cannabis", the seeds, leaves, buds, and flowers of the cannabis plant and any mixture or preparation thereof, but does not include the stalks and roots of the plant. (24) "Verification system", an internet-based system established and maintained by the department of health and senior services that is available to the department of agriculture, the department of insurance, financial institutions and professional registration, law enforcement personnel, and registered medical cannabis dispensing organization agents on a twenty-four-hour basis for the verification of registry identification cards, the tracking of delivery of medical cannabis to medical cannabis dispensing organizations, and the tracking of the date of sale, amount, and price of medical cannabis purchased by a registered qualifying patient;

(25) "Written certification", a document dated and signed by a physician stating:

(a) That in the physician's professional opinion the patient is likely to receive therapeutic or palliative benefit from the medical use of cannabis to treat or alleviate the patient's debilitating medical condition or symptoms associated with the debilitating medical condition;

(b) That the qualifying patient has a debilitating medical condition and specifying the debilitating medical condition the qualifying patient has; and

(c) That the patient is under the physician's care for the debilitating medical condition. A written certification shall be made only in the course of a bona fide physician-patient relationship, after the physician has completed an assessment of the qualifying patient's medical history, reviewed relevant records related to the patient's debilitating condition, and

conducted a physical examination. A veteran who has received treatment at a VA hospital shall be deemed to have a bona fide physician-patient relationship with a VA physician if the patient has been seen for his or her debilitating medical condition at the VA hospital in accordance with VA hospital protocols. A bona fide physician-patient relationship under this subdivision is a privileged communication and shall not be subject to disclosure except as otherwise provided by law.

195.703. 1. The department of health and senior services shall enforce the following provisions of sections 195.700 to 195.799 unless otherwise provided for under sections 195.700 to 195.799:

(1) Establish and maintain a confidential registry of qualifying patients authorized to engage in the medical use of cannabis and their caregivers;

(2) Distribute educational materials about the health risks associated with the abuse of cannabis and prescription medications;

(3) Adopt rules to administer the patient and caregiver registration program; and

(4) Adopt rules establishing food handling requirements for cannabis-infused products that are prepared for human consumption.

13 provided for in sections 195.700 to 195.799.

14 3. The department of insurance, financial institutions and professional registration
15 shall enforce the provisions of sections 195.700 to 195.799 relating to the registration and
16 oversight of dispensing organizations unless otherwise provided for in sections 195.700 to
17 195.799.

18 4. The department of health and senior services, the department of agriculture, or
19 the department of insurance, financial institutions and professional registration shall enter
20 into intergovernmental agreements, as necessary, to implement the provisions of sections
21 195.700 to 195.799, including but not limited to the provisions relating to the registration
22 and oversight of cultivation centers, dispensing organizations, and qualifying patients and
23 caregivers.

24 5. The department of health and senior services, the department of agriculture, or
25 the department of insurance, financial institutions and professional registration may
26 suspend or revoke a registration for violations of sections 195.700 to 195.799 and any rules
27 adopted thereunder. The suspension or revocation of a registration is a final agency action
28 subject to judicial review.

 195.706. 1. There is hereby created in the state treasury the "Compassionate Use
2 of Medical Cannabis Fund", which shall consist of money collected under sections 195.700
3 to 195.799. The state treasurer shall be custodian of the fund. In accordance with sections
4 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a
5 dedicated fund and, upon appropriation, money in the fund shall be used solely for the
6 administration of sections 195.700 to 195.799.

7 2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys
8 remaining in the fund at the end of the biennium shall not revert to the credit of the
9 general revenue fund.

10 3. The state treasurer shall invest moneys in the fund in the same manner as other
11 funds are invested. Any interest and moneys earned on such investments shall be credited
12 to the fund.

 195.709. 1. A registered qualifying patient shall not be subject to arrest,
2 prosecution, or denial of any right or privilege, including but not limited to civil penalty
3 or disciplinary action by an occupational or professional licensing board, for the medical
4 use of cannabis in accordance with sections 195.700 to 195.799, if the registered qualifying
5 patient possesses an amount of cannabis that does not exceed an adequate supply, as
6 defined in subsection 2 of section 195.700, of usable cannabis and, where the registered

7 qualifying patient is a licensed professional, the use of cannabis does not impair such
8 licensed professional when he or she is engaged in the practice of the profession for which
9 he or she is licensed.

10 2. A registered designated caregiver shall not be subject to arrest, prosecution, or
11 denial of any right or privilege, including but not limited to civil penalty or disciplinary
12 action by an occupational or professional licensing board, for acting in accordance with
13 sections 195.700 to 195.799 to assist a registered qualifying patient to whom he or she is
14 connected through the department's registration process with the medical use of cannabis
15 if the designated caregiver possesses an amount of cannabis that does not exceed an
16 adequate supply, as defined in subsection 2 of section 195.700, of usable cannabis. The
17 total amount possessed between the qualifying patient and caregiver shall not exceed the
18 patient's adequate supply, as defined in subsection 2 of section 195.700.

19 3. A registered qualifying patient or registered designated caregiver shall not be
20 subject to arrest, prosecution, or denial of any right or privilege, including but not limited
21 to civil penalty or disciplinary action by an occupational or professional licensing board
22 for possession of cannabis that is incidental to medical use, but is not usable cannabis as
23 defined in subsection 2 of section 195.700.

24 4. (1) There is a rebuttable presumption that a registered qualifying patient is
25 engaged in, or a designated caregiver is assisting with, the medical use of cannabis in
26 accordance with sections 195.700 to 195.799 if the qualifying patient or designated
27 caregiver:

28 (a) Is in possession of a valid registry identification card; and

29 (b) Is in possession of an amount of cannabis that does not exceed the amount
30 allowed under section 195.700.

31 (2) The presumption may be rebutted by evidence that conduct related to cannabis
32 was not for the purpose of treating or alleviating the qualifying patient's debilitating
33 medical condition or symptoms associated with the debilitating medical condition in
34 compliance with sections 195.700 to 195.799.

35 5. A physician shall not be subject to arrest, prosecution, or penalty in any manner,
36 or denied any right or privilege, including but not limited to civil penalty or disciplinary
37 action by the state board of healing arts or by any other occupational or professional
38 licensing board, solely for providing written certifications or for otherwise stating that, in
39 the physician's professional opinion, a patient is likely to receive therapeutic or palliative
40 benefit from the medical use of cannabis to treat or alleviate the patient's debilitating
41 medical condition or symptoms associated with the debilitating medical condition, provided

42 that nothing shall prevent a professional licensing or disciplinary board from sanctioning
43 a physician for:

44 (1) Issuing a written certification to a patient who is not under the physician's care
45 for a debilitating medical condition; or

46 (2) Failing to properly evaluate a patient's medical condition or otherwise violating
47 the standard of care for evaluating medical conditions.

48 6. No person shall be subject to arrest, prosecution, or denial of any right or
49 privilege, including but not limited to civil penalty or disciplinary action by an
50 occupational or professional licensing board, solely for:

51 (1) Selling cannabis paraphernalia to a cardholder upon presentation of an
52 unexpired registry identification card in the recipient's name, if employed and registered
53 as a dispensing agent by a registered dispensing organization;

54 (2) Being in the presence or vicinity of the medical use of cannabis as allowed under
55 sections 195.700 to 195.799; or

56 (3) Assisting a registered qualifying patient with the act of administering cannabis.

57 7. A registered cultivation center shall not be subject to prosecution; search or
58 inspection, except by the department of agriculture, department of health and senior
59 services, or state or local law enforcement under section 195.769; seizure; or penalty in any
60 manner; or be denied any right or privilege, including but not limited to civil penalty or
61 disciplinary action by a business licensing board or entity, for acting under sections
62 195.700 to 195.799 and department of agriculture rules to acquire, possess, cultivate,
63 manufacture, deliver, transfer, transport, supply, or sell cannabis to registered dispensing
64 organizations.

65 8. A registered cultivation center agent shall not be subject to prosecution, search,
66 or penalty in any manner, or be denied any right or privilege, including but not limited to
67 civil penalty or disciplinary action by a business licensing board or entity, for working or
68 volunteering for a registered cannabis cultivation center under sections 195.700 to 195.799
69 and department of agriculture rules, including to perform the actions listed under
70 subsection 7 of this section.

71 9. A registered dispensing organization shall not be subject to prosecution; search
72 or inspection, except by the department of insurance, financial institutions and professional
73 registration or state or local law enforcement under section 195.769; seizure; or penalty in
74 any manner; or be denied any right or privilege, including but not limited to civil penalty
75 or disciplinary action by a business licensing board or entity, for acting under sections
76 195.700 to 195.799 and department of insurance, financial institutions and professional
77 registration rules to acquire, possess, or dispense cannabis, or related supplies, and

78 educational materials to registered qualifying patients or registered designated caregivers
79 on behalf of registered qualifying patients.

80 10. A registered dispensing organization agent shall not be subject to prosecution,
81 search, or penalty in any manner, or be denied any right or privilege, including but not
82 limited to civil penalty or disciplinary action by a business licensing board or entity, for
83 working or volunteering for a dispensing organization under sections 195.700 to 195.799
84 and department of insurance, financial institutions and professional registration rules,
85 including to perform the actions listed under subsection 9 of this section.

86 11. Any cannabis, cannabis paraphernalia, illegal property, or interest in legal
87 property that is possessed, owned, or used in connection with the medical use of cannabis
88 as allowed under sections 195.700 to 195.799, or acts incidental to such use, shall not be
89 seized or forfeited. The provisions of sections 195.700 to 195.799 shall not be construed to
90 prevent the seizure or forfeiture of cannabis exceeding the amounts allowed under sections
91 195.700 to 195.799, nor prevent seizure or forfeiture if the basis for the action is unrelated
92 to the cannabis that is possessed, manufactured, transferred, or used under sections
93 195.700 to 195.799.

94 12. Mere possession of or application for a registry identification card or
95 registration certificate does not constitute probable cause or reasonable suspicion, nor shall
96 it be used as the sole basis to support the search of the person, property, or home of the
97 person possessing or applying for the registry identification card. The possession of or
98 application for a registry identification card does not preclude the existence of probable
99 cause if probable cause exists on other grounds.

100 13. Nothing in sections 195.700 to 195.799 shall preclude state or local law
101 enforcement agencies from searching a registered cultivation center or registered
102 dispensing organization where there is probable cause to believe that the criminal laws of
103 this state have been violated and the search is conducted in conformity with the Missouri
104 Constitution, the Constitution of the United States, and all applicable state laws.

105 14. No individual employed by the state of Missouri shall be subject to criminal or
106 civil penalties for taking any action in accordance with the provisions of sections 195.700
107 to 195.799, when the action is within the scope of his or her employment.

195.712. 1. Sections 195.700 to 195.799 shall not permit any person to engage in
2 and shall not prevent the imposition of any civil, criminal, or other penalties for engaging
3 in the following conduct:

4 (1) Undertaking any task under the influence of cannabis when doing so would
5 constitute negligence, professional malpractice, or professional misconduct;

6 (2) Possessing cannabis:

- 7 (a) In a school bus;
- 8 (b) On the grounds of any preschool or primary or
- 9 secondary school;
- 10 (c) In any correctional facility;
- 11 (d) In a vehicle in violation of section 195.796;
- 12 (e) In a vehicle not open to the public unless the medical cannabis is in a medical
- 13 cannabis container and reasonably inaccessible while the vehicle is moving; or
- 14 (f) In a private residence that is used at any time to provide licensed child care or
- 15 other similar social service care on the premises;
- 16 (3) Using cannabis:
- 17 (a) In a school bus;
- 18 (b) On the grounds of any preschool or primary or secondary school;
- 19 (c) In any correctional facility;
- 20 (d) In any motor vehicle;
- 21 (e) In a private residence that is used at any time to provide licensed child care or
- 22 other similar social service care on the premises;
- 23 (f) In any public place. As used in this paragraph, "public place" means any place
- 24 where an individual could reasonably be expected to be observed by others. A public place
- 25 includes all parts of buildings owned, in whole or in part, or leased by the state or political
- 26 subdivision of the state. A public place does not include a private residence unless the
- 27 private residence is used to provide licensed child care, foster care, or other similar social
- 28 service care on the premises, or a health care facility. For purposes of this paragraph, a
- 29 health care facility includes but is not limited to hospitals, nursing homes, hospice care
- 30 centers, and long-term care facilities;
- 31 (g) Knowingly in close physical proximity to any person under the age of eighteen;
- 32 (4) Smoking medical cannabis in any public place where an individual could
- 33 reasonably be expected to be observed by others, in a health care facility, or any other
- 34 place where smoking is prohibited under state law;
- 35 (5) Operating, navigating, or being in actual physical control of any motor vehicle,
- 36 aircraft, or motorboat while intoxicated, with excessive blood alcohol content, or under the
- 37 influence or in violation of section 195.796;
- 38 (6) Using or possessing cannabis if such person does not have a debilitating medical
- 39 condition and is not a registered qualifying patient or caregiver;
- 40 (7) Allowing any person who is not allowed to use cannabis under sections 195.700
- 41 to 195.799 to use cannabis that a cardholder is allowed to possess under sections 195.700
- 42 to 195.799;

43 (8) Transferring cannabis to any person contrary to the provisions of sections
44 195.700 to 195.799;

45 (9) The use of medical cannabis by an active duty law enforcement officer,
46 correctional officer, correctional probation officer, or firefighter; or

47 (10) The use of medical cannabis by a person who has a school bus permit or a
48 commercial driver's license.

49 2. Nothing in sections 195.700 to 195.799 shall be construed to prevent the arrest
50 or prosecution of a registered qualifying patient for reckless driving or driving under the
51 influence where probable cause exists.

52 3. Notwithstanding any other criminal penalties related to the unlawful possession
53 of cannabis, knowingly making a misrepresentation to a law enforcement official of any
54 fact or circumstance relating to the medical use of cannabis to avoid arrest or prosecution
55 is a class A misdemeanor, which shall be in addition to any other penalties that may apply
56 for making a false statement or for the use of cannabis other than use undertaken under
57 sections 195.700 to 195.799.

58 4. Notwithstanding any other criminal penalties related to the unlawful possession
59 of cannabis, any person who makes a misrepresentation of a medical condition to a
60 physician or fraudulently provides material misinformation to a physician in order to
61 obtain a written certification is guilty of a class A misdemeanor.

62 5. Any cardholder or registered caregiver who sells cannabis shall have his or her
63 registry identification card revoked and shall be subject to any other penalties for the
64 unauthorized sale of cannabis.

65 6. Any registered qualifying patient who commits a violation of section 195.796 or
66 refuses a properly requested test related to operating a motor vehicle while under the
67 influence of alcohol or drugs shall have his or her registry identification card revoked.

68 7. No registered qualifying patient or designated caregiver shall knowingly obtain,
69 seek to obtain, or possess, individually or collectively, an amount of usable cannabis from
70 a registered medical cannabis dispensing organization that would cause him or her to
71 exceed the authorized adequate supply under section 195.700.

72 8. Nothing in sections 195.700 to 195.799 shall prevent a private business from
73 restricting or prohibiting the medical use of cannabis on its property.

74 9. Nothing in sections 195.700 to 195.799 shall prevent a university, college, or other
75 institution of higher education from restricting or prohibiting the use of medical cannabis
76 on its property.

195.715. 1. A physician who certifies a debilitating medical condition for a
2 qualifying patient shall comply with all of the following requirements:

3 (1) The physician shall be currently licensed under chapter 334 to practice medicine
4 in all its branches and in good standing, and shall have prescriptive authority for
5 controlled substances;

6 (2) A physician making a medical cannabis recommendation shall comply with
7 generally accepted standards of medical practice, the provisions of chapter 334, and all
8 applicable rules;

9 (3) The physical examination required by sections 195.700 to 195.799 shall not be
10 performed by remote means, including telemedicine;

11 (4) The physician shall maintain a record-keeping system for all patients for whom
12 the physician has recommended the medical use of cannabis. Such records shall be
13 accessible to and subject to review by the department of health and senior services and the
14 department of insurance, financial institutions and professional registration upon request.

15 2. A physician shall not:

16 (1) Accept, solicit, or offer any form of remuneration from or to a qualifying
17 patient, primary caregiver, cultivation center, or dispensing organization, including each
18 principal officer, board member, agent, and employee other than accepting payment from
19 a patient for the fee associated with the examination required prior to certifying a
20 qualifying patient;

21 (2) Offer a discount of any other item of value to a qualifying patient who uses or
22 agrees to use a particular primary caregiver or dispensing organization to obtain medical
23 cannabis;

24 (3) Conduct a personal physical examination of a patient for purposes of diagnosing
25 a debilitating medical condition at a location where medical cannabis is sold or distributed
26 or at the address of a principal officer, agent, or employee or a medical cannabis
27 organization;

28 (4) Hold a direct or indirect economic interest in a cultivation center or dispensing
29 organization if he or she recommends the use of medical cannabis to qualified patients or
30 is in a partnership or other fee or profit-sharing relationship with a physician who
31 recommends medical cannabis;

32 (5) Serve on the board of directors or as an employee of a cultivation center or
33 dispensing organization;

34 (6) Refer patients to a cultivation center, a dispensing organization, or a registered
35 designated caregiver; or

36 (7) Advertise in a cultivation center or a dispensing organization.

37 3. The department of health and senior services may, with reasonable cause, refer
38 a physician who has certified a debilitating medical condition of a patient to the

39 department of insurance, financial institutions and professional registration for potential
40 violations of this section.

195.718. 1. (1) No school, employer, or landlord shall refuse to enroll, lease to, or
2 otherwise penalize a person solely for his or her status as a registered qualifying patient
3 or a registered designated caregiver, unless failing to do so would put the school, employer,
4 or landlord in violation of federal law or unless failing to do so would cause it to lose a
5 monetary or licensing-related benefit under federal law or rules. Nothing in this
6 subdivision shall prevent a landlord from prohibiting the smoking of cannabis on the
7 premises.

8 (2) For the purposes of medical care, including organ transplants, a registered
9 qualifying patient's authorized use of cannabis in accordance with sections 195.700 to
10 195.799 is considered the equivalent of the authorized use of any other medication used at
11 the direction of a physician and shall not constitute the use of an illicit substance or
12 otherwise disqualify a qualifying patient from needed medical care.

13 2. A person otherwise entitled to custody of or visitation or parenting time with a
14 minor shall not be denied such right, and there is no presumption of neglect or child
15 endangerment for conduct allowed under sections 195.700 to 195.799, unless the person's
16 actions in relation to cannabis were such that they created an unreasonable danger to the
17 safety of the minor as established by clear and convincing evidence.

18 3. No school, landlord, or employer shall be penalized or denied any benefit under
19 state law for enrolling, leasing to, or employing a cardholder.

20 4. Nothing in sections 195.700 to 195.799 shall be construed to require a
21 government medical assistance program or private health insurer to reimburse a person
22 for costs associated with the medical use of cannabis.

23 5. Nothing in sections 195.700 to 195.799 shall be construed to require any person
24 or establishment in lawful possession of property to allow a guest, client, customer, or
25 visitor who is a registered qualifying patient to use cannabis on or in such property.

195.721. Any citizen of this state may request that the department of health and
2 senior services add a debilitating condition or treatment to the list of debilitating medical
3 conditions listed in subdivision (8) of subsection 2 of section 195.700. The department of
4 health and senior services shall consider such requests in the manner required by
5 department rule, including public notice and hearing. The department shall approve or
6 deny a request within one hundred eighty days of its submission and, upon approval, shall
7 proceed to add such condition by rule. The approval or denial of any request is a final
8 decision of the department subject to judicial review.

195.724. 1. Nothing in sections 195.700 to 195.799 shall:

2 (1) Prohibit an employer from adopting reasonable rules concerning the
3 consumption, storage, or timekeeping requirements for qualifying patients related to the
4 use of medical cannabis;

5 (2) Prohibit an employer from enforcing a policy concerning drug testing, zero-
6 tolerance, or a drug free workplace provided the policy is applied in a nondiscriminatory
7 manner;

8 (3) Limit an employer from disciplining a registered qualifying patient for violating
9 a workplace drug policy;

10 (4) Limit an employer's ability to discipline an employee for failing a drug test if
11 failing to do so would put the employer in violation of federal law or cause the employer
12 to lose a federal contract or funding;

13 (5) Be construed to create a defense for a third party who fails a drug test;

14 (6) Be construed to create or imply a cause of action for any person against an
15 employer for:

16 (a) Actions based on the employer's good faith belief that a registered qualifying
17 patient used or possessed cannabis while on the employer's premises or during the hours
18 of employment;

19 (b) Actions based on the employer's good faith belief that a registered qualifying
20 patient was impaired while working on the employer's premises during the hours of
21 employment;

22 (c) Injury or loss to a third party if the employer neither knew nor had reason to
23 know that the employee was impaired;

24 (7) Be construed to interfere with any federal restrictions on employment, including
25 but not limited to the United States Department of Transportation regulation 49 CFR
26 40.151(e).

27 2. An employer may consider a registered qualifying patient to be impaired when
28 he or she manifests specific articulable symptoms while working that decrease or lessen his
29 or her performance of the duties or tasks of the employee's job position, including
30 symptoms of the employee's speech, physical dexterity, agility, coordination, demeanor,
31 irrational or unusual behavior, negligence or carelessness in operating equipment or
32 machinery, disregard for the safety of the employee or others, or involvement in an
33 accident that results in serious damage to equipment or property, disruption of a
34 production or manufacturing process, or carelessness that results in any injury to the
35 employee or others. If an employer elects to discipline a qualifying patient under this
36 subsection, the employer shall afford the employee a reasonable opportunity to contest the
37 basis of the determination.

195.727. The department of health and senior services shall issue registry identification cards to qualifying patients and designated caregivers who submit a completed application, and at minimum, the following in accordance with department rules:

(1) A written certification, on a form developed by the department and issued by a physician, within nine days immediately preceding the date of an application;

(2) Upon the execution of applicable privacy waivers, the patient's medical documentation related to his or her debilitating condition and any other information that may

be reasonably required by the department to confirm that the physician and patient have a bona fide physician-patient relationship, that the qualifying patient is in the physician's care for his or her debilitating medical condition, and to substantiate the patient's diagnosis;

(3) The application or renewal fee as set by rule;

(4) The name, address, date of birth, and Social Security number of the qualifying patient; except that, if the applicant is homeless, no address is required;

(5) The name, address, and telephone number of the qualifying patient's physician;

(6) The name, address, and date of birth of the designated caregiver, if any, chosen by the qualifying patient;

(7) The name of the registered medical cannabis dispensing organization the qualifying patient designates;

(8) Signed statements from the patient and designated caregiver asserting that they will not divert medical cannabis; and

(9) Completed background checks for the qualifying patient and designated caregiver.

195.730. 1. Except as provided in subsection 2 of this section, the department of health and senior services shall:

(1) Verify the information contained in an application or renewal for a registry identification card submitted under sections 195.700 to 195.799 and approve or deny an application or renewal within thirty days of receiving a completed application or renewal application and all supporting documentation specified in section 195.727;

(2) Issue registry identification cards to a qualifying patient and his or her designated caregiver, if any, within fifteen business days of approving the application or renewal;

(3) Enter the registry identification number of the registered dispensing organization the patient designates into the verification system; and

12 (4) Allow for an electronic application process and provide a confirmation by
13 electronic or other methods that an application has been submitted.

14 2. The department shall not issue a registry identification card to a qualifying
15 patient who is under eighteen years of age.

16 3. A veteran who has received treatment at a VA hospital is deemed to have a bona
17 fide physician-patient relationship with a VA physician if the patient has been seen for his
18 or her debilitating medical condition at the VA hospital in accordance with VA hospital
19 protocols. All reasonable inferences regarding the existence of a bona fide physician-
20 patient relationship shall be drawn in favor of an applicant who is a veteran and has
21 undergone treatment at a VA hospital.

 195.733. 1. The department of health and senior services may deny an application
2 or renewal of a qualifying patient's registry identification card only if the applicant:

3 (1) Does not provide the required information and materials;

4 (2) Previously had a registry identification card revoked;

5 (3) Does not meet the requirements of sections 195.700 to 195.799; or

6 (4) Provides false or falsified information.

26 of cannabis to a registered qualifying patient, directly or via a designated caregiver, in any
27 fourteen- day period unless the qualifying patient has a quantity waiver approved by the
28 department of health and senior services.

29 9. Before medical cannabis is dispensed to a designated caregiver or a registered
30 qualifying patient, a dispensing organization agent shall determine that the individual is
31 a current cardholder in the verification system and shall verify each of the following:

32 (1) That the registry identification card presented to the registered dispensing
33 organization is valid;

34 (2) That the person presenting the card is the person identified on the registry
35 identification card presented to the dispensing organization agent;

41 10. Dispensing organizations shall ensure compliance with such limitation by
42 maintaining internal confidential records that include records specifying how much
43 medical cannabis is dispensed to the registered qualifying patient and whether it was
44 dispensed directly to the registered qualifying patient or to the designated caregiver. Each
45 entry shall include the date and time the cannabis was dispensed. Additional record
46 keeping requirements shall be set by rule.

47 11. The physician-patient privilege shall apply between a qualifying patient and a

51 the property of a medical cannabis organization.

52 13. A dispensing organization shall not share office space with or refer patients to

56 to issue or renew, or take any other disciplinary or nondisciplinary action as the
57 department may deem proper with regard to the registration of any person issued under

58 sections 195.700 to 195.799 to operate a dispensing organization or act as a dispensing
59 organization agent, including imposing fines not to exceed ten thousand dollars for each
60 violation, for any violations of sections 195.700 to 195.799 and rules adopted thereunder.
61 The procedures for disciplining a registered dispensing organization shall be determined
62 by rule. All final administrative decisions of the department are subject to judicial review.

63 15. Dispensing organizations shall be subject to random inspection and cannabis
64 testing by the department and state highway patrol as provided by rule.

195.772. Nothing contained in sections 195.700 to 195.799 shall be construed to
2 prohibit a dispensing organization registered in this state from filling or refilling a valid
3 written certification for medical cannabis that is on file with the department of health and
4 senior services and the designation has been transferred from one dispensing organization
5 to another under sections 195.700 to 195.799 upon the following conditions and exceptions:

6 (1) Prior to dispensing medical cannabis under any written certification and the
7 requirements of sections 195.700 to 195.799, the dispensing organization agent shall:

23 section;

24 (3) Medical cannabis shall in no event be dispensed more frequently or in larger
25 amounts than permitted under sections 195.700 to 195.799.

195.775. A unit of local government may enact reasonable zoning ordinances or
2 resolutions, not in conflict with sections 195.700 to 195.799 or with department of
3 agriculture or department of health and senior services rules, regulating registered medical
4 cannabis cultivation centers or medical cannabis dispensing organizations. No unit of local

5 government, including a school district, may regulate registered medical cannabis
6 organizations other than as provided in sections 195.700 to 195.799 and shall not
7 unreasonably prohibit the cultivation, dispensing, and use of medical cannabis authorized
8 by sections 195.700 to 195.799.

195.778. 1. The following information received and records kept by the department

9 departments and the state highway patrol may disclose such information and records to

21 by their registry identification numbers and medical cannabis dispensing organizations by
22 their registration number and not contain names or other personal identifying
23 information;

24 (5) All medical records provided to the department of
25 health and senior services in connection with an application for a registry card.

26 2. Nothing in this section precludes the following:
